Subject: Proposed Consolidation - Water & Waste

Follow Up Flag: Follow up
Flag Status: Flagged

Respectfully, I am totally opposed to any one sided consolidation with cities outside of Sun City, including Sun City West!!! I do not believe that spreading the increased costs to Sun City homes from Sun City West, or even worse, other cities like Surprise and Anthem is at any time justifiable or equitable. These other cities consist of larger homes and businesses that will use substantially more water and result in larger waste. To consolidate Sun City with these other cities will put the burden of increased costs on Sun City residents where the increase is "not justified". I respectfully ask that you not vote/approve any such consolidation.
